# Safety Information

## *Please read carefully...*

- ✓ Check the product for defects before installing.
- ✓ Ensure any cables/wires supplied with the product are in good condition.
- ✓ Only use products supplied to install.
- ✓ **DO NOT** look directly into the light when switched on.
- ✓ There are no user serviceable parts inside this product. **DO NOT** disassemble or attempt to repair.
- ✓ Read all the instructions in the manual before beginning installation, if in doubt use a qualified electrician.
- ✓ This product is for indoor use only.

## Installation Spacing

Ceiling cutout reference table.

Downlight dia (inch)	3	4	6	8
Ceiling Cutout (mm)	90-95	125-135	150-165	200-210

## Installation

1

**OFF!**  
**COUPEZ LE COURANT**

Turn off the power before installing.

Using the Installation Spacing guide on Page 2, cut out the correct size hole for the downlight.

Open the cable cover.

Put the AC wire through the cable cover and connect the L/N feeds into the fast fit terminal block.

Close the cable cover.

Hold the spring clips as shown above then push the downlight into the hole.

Check that the downlight is securely fixed into the ceiling and turn the power on.

# Warranty Information

---

- *This product is covered by the standard Biard 5 limited year warranty for any manufacturing faults.*
- *The warranty starts from the date of purchase.*
- *The warranty period is based on a burning behaviour of max. 4000 hours/year. In case of more than 4000 hours/year, the warranty period will be adjusted pro-rata.*
- *Labour costs for installation of the Product are not covered under this warranty.*
- *The warranty is only valid when products are properly installed and operated as specified in this manual and the data sheets.*
- *All warranty queries should be through the stockist that the product was purchased through.*

## Recycling & Disposal

---

**The Waste Electrical and Electronic Equipment Directive (WEEE Directive)** is the **European Community directive** 2012/19/EU on **Waste Electrical and Electronic Equipment (WEEE)** which, together with the **RoHS Directive** 2002/95/EC, became European Law in February 2003

The **WEEE** directive aims to reduce the amount of electrical equipment being produced and to encourage everyone to reuse, recycle and recover it.

In support of these guidelines and for environmental safety, do not dispose of any electrical equipment including those marked with the below symbols

When replacing old electrical devices with new ones the retailer is legally obligated to take back your old items for disposal free of charge. You can also recycle your old electrical devices free of charge at your local recycling centre. Please contact your local council for more information.
