Safety & General Information

Please read carefully...

- ✓ This product is only suitable for use on indirect or sealed central heating systems inc. Combi boilers
- ✗ Do not throw away packaging until you have located and confirmed that you have all included parts.
- ✓ This radiator must be installed by a qualified plumber or other fully competent person.
- ✓ For your own protection we recommend that you wear safety boots and gloves.
- ✓ Inspect the finish on the product for signs of damage before installation.
- ✓ The provided fixings are for solid brick only, if installing on any other surface please check that it will safely support the product and purchase suitable fixings.
- ✓ Do not sit on the radiator or place items on top of it.

Information & Installation

Please note that the bleed valve on this radiator is located on one of the hose connection nuts as shown below. Use a flat headed screwdriver to bleed the unit in case of air buildup.

For ease of installation, please ensure that the pipe centers on the radiator valves are at a maximum of 165mm.

Aftercare

Clean any marks with a soft dry cloth, for stubborn stains please clean with mild soapy water and buff out with a soft cloth. DO NOT use abrasive or acidic cleaners, if you are unsure, please contact us first.
